

2022 Floods

What have we learnt?

2021 Floods

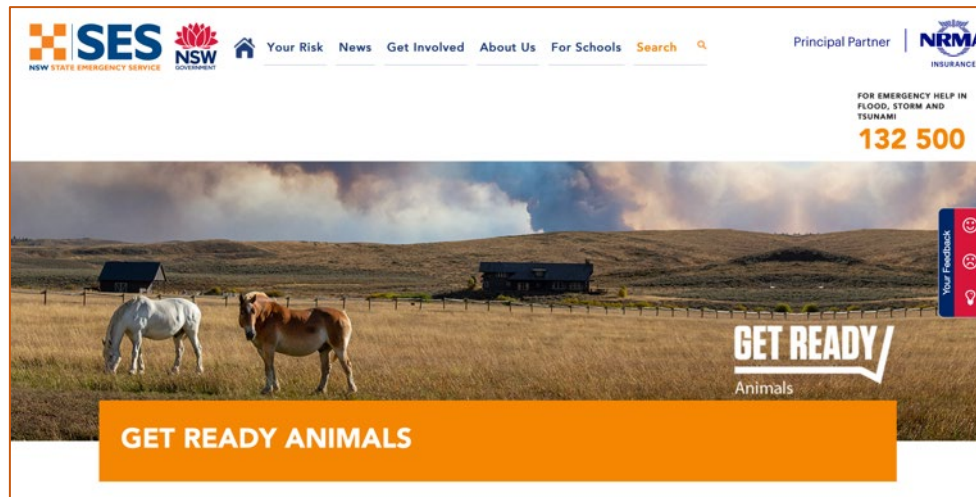

36% of all flood rescues in the Hawkesbury Area were to relocate or rescue (Large) animals from flood water

Community education has made a difference

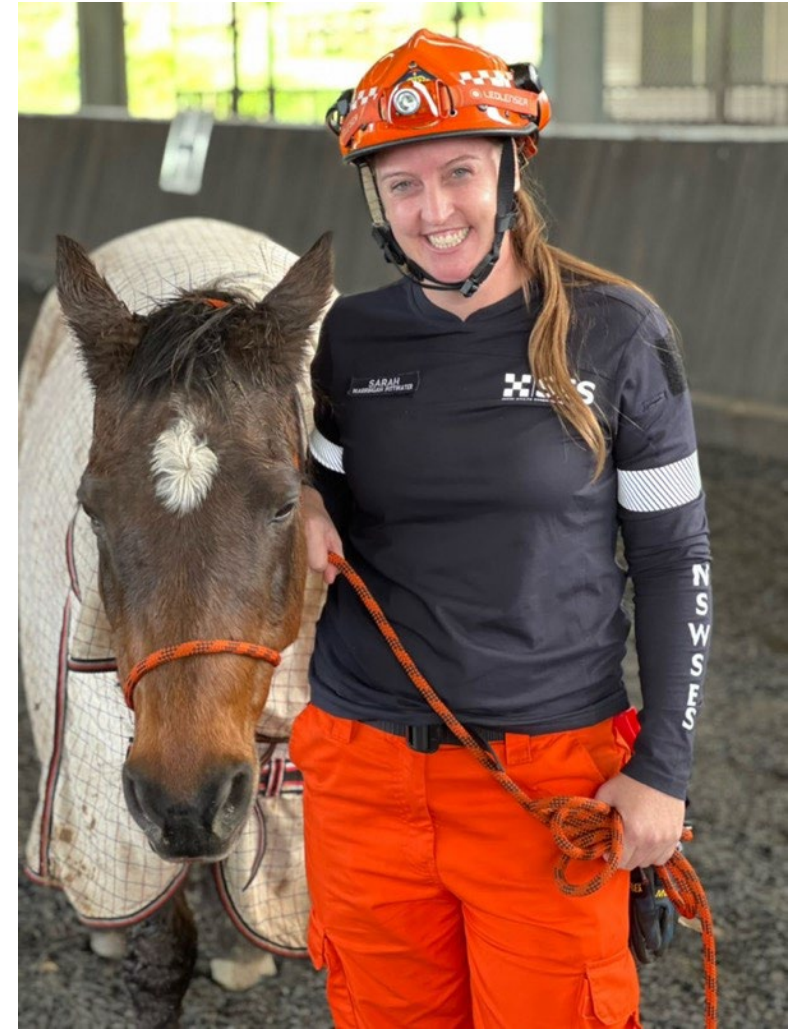

- GET READY ANIMALS
- Hawkesbury-Nepean Animal Ready Community

Training has made a difference

Large animal awareness and relocation for flood rescue operators

“Capable and confident”

8 sheep rescued at Llandilo (Hawkesbury-Nepean)

3 horses and 5 cattle rescued from Berkshire Park (Hawkesbury-Nepean)

2 horses from Moorebank (George's River)

6 horses rescued at Sackville North (Hawkesbury-Nepean)

20 horses rescued at Miller's Forest (Hunter)

3 miniature horses rescued from Miller's Forest (Hunter)

Getting the balance right between risk taking and success

2 horses from South Creek at St Mary's (Hawkesbury-Nepean)

2022 Floods

One important lesson....

“If our emergency services don’t respond to requests to relocate or rescue animals from flood waters, the public will”

13 miniature horses, 2 regular (paint) horses, 2 female calves, and 1 pony relocated at West Coraki
